- 1) See General Rules and Information pertaining to health regulations (including Scrapie Identification requirements and issues pertaining to contagious and infectious diseases such as club lamb fungus). The National Show Ring Code of Ethics shall govern the Youth Sheep livestock show as found in the Livestock Rules. The State Fair of Virginia reserves the right to test any entry for violative drug residues as described in the National Show Ring Code of Ethics.
- 2) Deadline for entries is August 15. **Entries must be made on-line** at www.statefairva.org, under 'State Fair' and then 'Competitions.' There is no participation/entry fee for youth livestock shows.
- 3) 4-H and FFA members who are currently enrolled in Virginia are eligible to compete. Exhibitors must be at least 9 years of age by September 30 of the current year (exception for 8 & under costume class) and must not have had their 19th birthday before January 1 of current year.
- 4) Sheep which have participated in any sale or premium auction associated with another fair or livestock show after the State Fair ownership deadline are ineligible for exhibition at the State Fair of Virginia. This rule applies even if there was not a change in ownership (i.e. sheep are ineligible even if they are "bought back" or "no-saled").
- 5) Exhibitors must show their own entries unless the exhibitor has more than one animal in the same class (or in group classes), or permission is given by the show superintendent. Substitute show persons must be eligible 4-H or FFA member with youth sheep entries.
- 6) All youth beef, sheep and swine entries are subject to on-farm inspections to verify entry information. All exhibitors agree to accommodate such inspections.
- 7) All youth sheep must remain in the designated penning area and immediate area upon arrival until released from the fair. Sheep are not allowed to be taken to trailers, cattle barns, cattle tie-out area, or other areas away from the sheep barn at any time.

- 8) Exhibitors are expected to care for their animals in an acceptable manner and adhere to quality assurance guidelines. Only tap water may be applied topically, and the application of commercial sprays/lotions, alcohol, and other substances is prohibited on show day. Application of ice or iced water in any form is prohibited (sprays, packs, blankets, or towels).
- 9) The use of muzzles is prohibited.
- 10) Drenching of sheep is prohibited.
- 11) The use of coloring agents is prohibited.
- 12) Sheep shall be penned on natural bedding (i.e. straw, wood shavings, wood chips, or bark- no carpet).
- 13) Pen assignments will be by county. Each exhibitor will be allotted one pen for market lamb and commercial ewe entries. Breeding sheep pen assignments will be based on number of entries.
- 14) Health or other issues that arise with sheep which require treatment while at the State Fair shall be done with the knowledge and supervision of the show superintendent. The State Fair reserves the right to remove entries from the fairgrounds for this purpose.
- 15) Show rails (racks) will not be allowed inside the sheep tents. All show rails must be kept outdoors.
- 16) Sheep must have been recently shorn prior to arrival at the State Fair to accommodate veterinary inspections. Fleece length shall not exceed 1/4 inch at arrival (exemption provided for breeding sheep shown in fleece or with fitted fleece).

SPECIAL RULES - MARKET LAMBS

- 1) **To be eligible for exhibition, market lambs and commercial ewes must have been nominated, weighed, and identified at an official VA State Fair site.** Nominations will be taken at several sites around the state in late June. Past exhibitors and county extension offices will be notified as to the dates, times and locations nominations will be taken. It is the responsibility of the exhibitor to properly nominate his or her lambs at one of the locations. At the time of nomination lambs will be weighed, and individually identified with an official ear tag and tattoo. Only lambs that have been nominated and properly weighed and identified will be eligible for competition at the State Fair of Virginia. Each exhibitor may nominate a total of twelve (12) lambs (wethers and ewes, to be shown as either market lambs or commercial ewes). Each exhibitor may nominate lambs at only one location.
- 2) Market lambs should be born on or after January 1 of the current year and exhibit lamb's teeth.
- 3) Market lambs must be owned, separated, and cared for by the exhibitor on or before the date of nomination and continuously thereafter.
- 4) Exhibitors are limited to 6 total entries in the market lamb and commercial ewe lamb divisions. A maximum of 4 market lambs and a maximum of 3 commercial ewes lamb per exhibitor may be shown (total not to exceed 6).
- 5) Market lambs will be shown by breed type. Breed type will be determined at the time of official weighing by a classification committee. The classification committee will apply breed standards to evaluate and place lambs in the proper class. The decisions of the classification committee will be final. Market lambs will be divided into four breed-type divisions as follows:
 - a) **Black-Face:** Generally includes lambs of Suffolk and Hampshire breeding and their crosses along with other black-faced breeds. Also includes all lambs that do not fit classification requirements for Speckle-Face, White-Face, and Southdown classes.
 - b) **Speckle-Face:** Must be a cross with evidence of a percentage white-face and percentage black-face breeding. Significant spotting must be present for at least two of the following areas: face, ears, and/or legs below knees and stifle joint.
 - c) **White-Face:** Generally includes lambs of white-face breeds and crosses of those breeds (Dorset, Cheviot, Columbia, etc.). Lambs should exhibit characteristics of these breeds. Face, ears, and legs should be white. Excessive black or brown spots in the skin or wool on the body, or freckles or pigmented areas of black or brown skin are not acceptable
 - d) **Southdown:** Lambs must exhibit characteristics of Southdown breed. Hair color should be mouse colored, grey to brown. Nostrils may be black to purple-grey, and ears should be moderate length, covered with short hair or wool.
- 6) Within breed type, classes will be divided according to weight. **Lambs must weigh a minimum of 90 pounds (no maximum weight limit).** Re-weighs will not be allowed. Class weight breaks and Division assignments will be made at the discretion of show officials. An attempt will be made to limit classes to a maximum of 25 lambs, and Divisions

assigned with a goal of having approximately the same number of lambs in each Division. Accordingly, class winners from more than one breed type may be placed in the same Division based on the total number of lambs exhibited. Division champions and reserves will compete for Grand Champion and Reserve Grand Champion honors. All lambs weighing under 90 pounds will be allowed to show in feeder lamb class but will not be eligible for premiums or awards.

- 7) Division Champions and Reserves, and the Grand Champion and Reserve Grand Champion are eligible for the State Fair Scholarship Program. Please see scholarship description at end of this Competition Guide for details.
- 8) All first and second place class winners must be shown to compete for their respective Division Champion and Reserve Division Champion honors. Failure to do so will be considered a violation of the National Show Ring Code of Ethics and appropriate action taken.
- 9) The market lamb show will be terminal for the Grand Champion, Reserve Grand Champion, all Division Champions, and all Reserve Division Champion lambs. All of these lambs must participate in the carcass contest. Exhibitors of these lambs will be awarded State Fair Scholarships as outlined in this Competition Guide.
- 10) Average daily gain will be calculated on all lambs using nomination weight and show weight. This information will be made available to the judge for use at their discretion.
- 11) Market lambs may be wethers or ewes. Wethers must show no evidence of testicular tissue and be completely healed from castration.
- 12) Lambs exhibited in the market lamb division may not be shown in the open or youth registered breeding sheep division, or in the youth commercial ewe lamb division.
- 13) Market lambs must be exhibited shorn slick to the skin above the knee and hock joints.
- 14) Final designation of entries, and designation of lambs to be offered for sale will be made at official weighing.
